

Dear DEPRAG-INDUSTRIAL Associate,  
we take the opportunity to inform you about new and improved products that were either added to our product line or where we made improvements. Detailed technical information and pictures, as well as a catalog in PDF-format can be found on our website [www.deprag.cz](http://www.deprag.cz).

## Program expansion DEPRAG INDUSTRIAL:

- **Angle Polishing Machine – Model PA 030-032BX**
- 

### Angle Polishing Machine Model PA 030-032BX

The angle polisher Model PA 032-030 BX fulfills the high standards required to finish the surface paint on vehicles in automotive light-tunnels. The tool has been manufactured in collaboration with a renowned German car manufacturer. It tested positive in extensive field tests and has now proven itself during daily industrial use. The compact and light design means that it is particularly useful for “smart repairs” and “spot repairs”. It has also been successful in fulfilling another aim of its development – the reduction of processing costs by using only one tool for grinding and polishing tasks.

Model	Part Number
PA 030-032BX	300146A

#### Applications:

- Automotive industry
- Grinding and polishing workplaces
- Machine building, etc.

Grinding and polishing with flexible abrasives, self-adhesive sanding paper, metal brushes and much more.

#### Advantages:

- Optimal paint finish using just one machine
- Increased efficiency due to reduced processing costs
- Ideal for “smart repair” tasks
- Highly durable
- Efficient
- Low air consumption

## Specifications:

Angle Polisher	Model Part No.	PA 030-032BX 300146A
Max. power output	W (hp)	300 (.41)
Speed (no load)	min <sup>-1</sup> (rpm)	3 200
Speed (at max. power)	min <sup>-1</sup> (rpm)	2 000
Air consumption (no load)	m <sup>3</sup> /min (cfm)	0,29 (10.24)
Air consumption (at max. power)	m <sup>3</sup> /min (cfm)	0,41 (14.48)
Threaded shaft		M14
I.D. of air inlet hose/connection thread	mm (in)	6 (.24)/thread 1/4" male
Sound pressure level	dB(A)	74,5)*
Sound power level	dB(A)	85,5)*
Weight	kg (lbs)	0,81 (1.79)
Dimensions L x H	mm (in)	258 x 51 (10.16 x 2.01)

Specifications based on 90 psi (6,3 bar)

\*) Uncertainty of measurement 3 dB

## Standard Equipment:

Quick release coupler, Nipple, Spanner

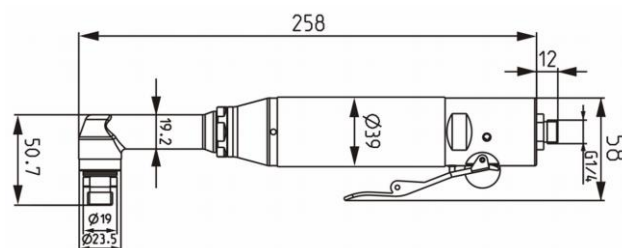

## Optional Accessories:

Rubber polishing disc - Ø 125 mm, Part No. 6075042

Combined pressure & exhaust hose, Part No. 313179 B

## Dimensions (in mm)

The polishing machine is not an off-the-shelf DEPRAG INDUSTRIAL product; it is made to order.  
Official date of sale: March 17<sup>th</sup>, 2015.
